

2018 BIKE HELMET CLINICS

Every year, Safe Kids Anoka County offers bike helmet fitting clinics throughout the Anoka County area. We encourage parents to join us and set a great example for their kids.

Each clinic has new stylish Bell bike helmets available for purchase for both children and adults. A variety of helmet designs will be available. Prices for helmets are \$10 each.

Cash or checks only.

If you already own a helmet, we can check to make sure that it fits properly for free. Clinics are advertised in the ABC Newspapers for Anoka County.

You do NOT have to be a resident in the city where the clinic is hosted.

NO appointment necessary. Call the number listed for more information.
